GENERAL INFORMATION
APPLICANTS FOR SPECIAL ON-STREET PARKING ZONES
FOR DISABLED OR HANDICAPPED PERSONS

The following general information is provided for your use in determining eligibility and understanding the terms and conditions under which residents will be allowed to participate in this program.

**Intent:** The intent of Section 5-9-7A of the Municipal Code (Ordinance No. 91-46) and the rules and regulations established for this program is to afford disabled and handicapped residents accessibility to their residences while imposing certain restrictions and limitations upon participation to insure that the Village does not experience a proliferation of handicapped parking zones on its public streets.

**Reservation of Zone:** If you meet the criteria established in Section 5-9-7A of the Code and the rules and regulations of this program, you may upon the payment of the necessary fee, have a restricted handicapped parking zone established in front of your residence. Although intended for your use, the zone will not be reserved for your individual vehicle and it is possible that from time-to-time other vehicles displaying the appropriate handicapped license or designation placards may use this handicapped parking zone. Should you find that other handicapped vehicles are regularly parking in the space reserved for your use, please contact the office of the Village Administrator.

**Qualifications for Participation:** In order to participate in this program, the application must be made by or on behalf of a disabled or handicapped person. The application must include the medical certification form along with the other documents listed on the application form.

**Availability of Off-Street Parking:** Section 5-9-7A of the Code specifically provides that reserved residential street parking shall not be provided to any household or any person thereof if the occupant of the residential unit own, rent or have regular use of private driveways, carports or garages that give convenient access to the dwelling of the disabled or handicapped person.

**Total Number of Handicapped Parking Spaces Reserved to be No More Than Twenty-Five Percent (25%) of Available Parking:** The Ordinance restricts the implementation of reserved parking for disabled or handicapped persons to no more than twenty-five percent (25%) of the available parking spaces on each side of a block. Should reserved parking for handicapped persons exceed that percentage of the available parking space on any given block within the village, no additional handicapped parking privileges will be granted.

**Variance from Ordinance Provisions:** The Village Board of Trustees has established a variance procedure as a part of Section 5-9-7A of the Code. This procedure permits residents who may not be able to meet all of the requirements stipulated in the ordinance to qualify for a reserved parking space for a disabled or handicapped person to request a variance from the provisions of the Code. All variance requests must be made on the appropriate form (form attached to application packet) and will be forwarded to the Traffic Safety Commission for review and decision. All decisions of the Traffic Safety Commission with regard to variances will be final.

**Change in Status of Handicapped Person:** If a handicapped or disabled person no longer meets the requirements of this ordinance for a reserved space due to death, change of address, or relocation to another housing facility, it is the duty of the applicant for this special parking privilege to notify the office of the Village Administrator of the Village of Morton Grove, immediately, so that signs can be removed.

**Renewal:** Each reserved parking space on a public street, granted under this chapter, must be renewed annually by May 1 of each year. A renewal application packet will be sent to current permit holders prior to the renewal date. The applicant’s cancelled check will serve as a receipt and as proof of renewal for an additional year.

**Questions or Need for Sign Maintenance:** Should you have questions or concerns about any aspect of this program or should the signs placed adjacent to your residence require service or maintenance you may contact the office of the Village Administrator by calling 847/965-4100.

**Copies of Ordinance Available:** Copies of the complete text of Ordinance No. 91-46 are available upon request by contacting the office of the Village Administrator.
